

THE RICHEST HANDICAP CYCLE RACE IN AUSTRALIA

gmf **The
GMF Health
Goldfields Cyclclassic**

Incorporating
The 83rd Menzies Classic, The Chas Egan Memorial
and
Leonora Golden Wheels

Proudly supported by

The 83rd Menzies Classic, The Chas Egan Memorial Race.

This year the race will start in Kalgoorlie-Boulder - home of the superpit gold mine - and race north along the Goldfields Highway, through the eucalypt woodlands to Menzies, undulating over 132km. Four sprint sections await the opportunistic rider to try and grab some cash on the way. The race finishes down the high street of Menzies.

The race, being a handicap event, means all riders are placed behind the first rider over the line, regardless of which grade they set out in. Hence riders from all grades have the opportunity to gain line honours.

Menzies Cycle Carnival

A chance to meet and mingle with our guest professional riders. If any riders have the legs left in them, there will be a sprint competition in the Menzies main street. Sign up on the day. Riders will be competing against similarly graded riders. This, along with the Menzies Carnival, will provide some great entertainment for cyclists and supporters alike.

Leonora Golden Wheels

Riders will start on Sunday morning in Menzies. They will continue north along the Goldfields Highway. It will be a fast race; after heading down the hill out of Menzies, the road can be seen heading out cross the flat plains to Leonora.

This race again will be run as a stand-alone handicap race with two sprint sections will be set along the route. The race will enter Leonora amidst the festivities of the Golden Gift festival along the main street.
